

MASSACHUSETTS TESTS FOR EDUCATOR LICENSURE®

1 Test Status

Your test status is reported as “Met the Qualifying Score” or “Did Not Meet the Qualifying Score.” Each test or subtest on which you have met the qualifying score is listed in the upper right. Score reports for the Communication and Literacy Skills and the Vocational Technical Literacy Skills Tests will include, at the bottom of the report, test status for each subtest (reading and writing) attempted.

2 Your Test Score

Your total test score is based on all subareas/sections and is reported on a scale of 100 to 300, with a scaled score of 240 representing the minimum qualifying (passing) score. If you did not meet the qualifying score, your numeric total test scaled score is reported. If you met the qualifying score, your total test scaled score is not reported.

3 Range of Number of Items in Subarea

The range of the number of items in each subarea/section is indicated for both multiple-choice and open-response items. Individual subareas/sections contain varying numbers of items and, therefore, contribute differently towards your total test score.

4 Description of Your Subarea Performance

Your approximate performance on each subarea/section is indicated for both multiple-choice and open-response items. There are no passing scores for individual subareas/sections. Passing status is based on your total test score only.

5 Multiple-Choice Information

Performance on the multiple-choice section is based on the number of questions answered correctly. Points are not deducted for incorrect answers. Each multiple-choice question counts the same toward the total test score.

6 Open-Response Information

Scorers judge the overall effectiveness of each response using a performance score scale and a set of performance characteristics. Refer to the Test Information Guide in the Prepare section of the MTEL Program website (www.mtel.nesinc.com) for more information.

7 Reporting

The test results indicated on this report are for the purpose of educator licensure only. These results have been reported directly to the Massachusetts Department of Elementary and Secondary Education and will automatically be added to your license application file. You may retake a test 45 or more calendar days after your last test administration date. You should wait to receive your score report before retaking a test.

More detailed information on understanding your test results is available in the Score Report Explanation in the Scores section of the MTEL Program website (www.mtel.nesinc.com).
