Introduction

What is MTEL®-Flex?

MTEL-Flex has been developed as part of a regulatory amendment to pilot the use of alternative assessments to the Massachusetts Test for Educator Licensure® (MTEL®) program (see the Massachusetts Department of Elementary and Secondary Education website for more information). The approved alternative assessment pilot period begins October 20, 2020, and ends June 30, 2024. Any extensions to this regulatory pilot will require further regulatory change from the Massachusetts Board of Elementary and Secondary Education.

MTEL-Flex provides an assessment option for MTEL candidates whose score on select MTEL test fields is within one standard error of measurement to the passing score. Candidates who meet this eligibility requirement have the opportunity to submit an MTEL-Flex assessment rather than retaking their MTEL test. Candidates must have achieved this score on the currently operating version of the test after the approval of the regulatory pilot on October 20, 2020.

For MTEL-Flex, candidates provide an analysis of an MTEL test objective to demonstrate the depth of their subject matter knowledge. Most candidates (with the exception of candidates taking the MTEL-Flex Spanish—Oral Expression) will provide a written submission to demonstrate their subject matter knowledge. Candidates will complete the analysis and submit it to be scored using Pearson’s ePortfolio system. Candidates who pass MTEL-Flex will meet the relevant subject matter test requirement for their license, but may still need to take and pass additional subject matter tests as required by their licensure area.

The MTEL website includes MTEL-Flex assessment information, policies (including eligibility requirements), account creation and registration, as well as access to the Pearson ePortfolio system upon registration.

About the MTEL Program

The Massachusetts Tests for Educator Licensure (MTEL) program was initiated by the Massachusetts Department of Elementary and Secondary Education in 1998 as part of a statewide education reform initiative for educators seeking PreKindergarten to grade 12 licenses. The MTEL program includes tests of communication and literacy skills as well as tests of subject matter knowledge. The tests are designed to ensure that Massachusetts educators can communicate adequately with students, parents/guardians, and other educators and that they are knowledgeable in the subject matter of the license sought.

Each test is designed to measure areas of knowledge called subareas. Within each subarea, statements of important knowledge, called objectives, define the content of the test. The test objectives were validated for the MTEL by Massachusetts educators and were aligned with Massachusetts licensure regulations, Massachusetts Vocational Technical Education
Regulations, and the state’s standards in the Massachusetts curriculum frameworks and the Adult Basic Education curriculum frameworks, as appropriate.

A passing score on the MTEL is a requirement for obtaining educator licensure in Massachusetts. To receive a Provisional or Initial license, a candidate must pass (1) the reading and writing subtests of the Communication and Literacy Skills test or an approved alternative assessment, and (2) for teachers and specialist teachers, the appropriate subject knowledge test(s) for each license sought or an approved alternative to the subject knowledge MTELS.

**Functional Content Knowledge**

The MTEL tests are designed to assess a functional level of content knowledge as shown below.

The boxes below the continuum illustrate the practical applications of the difference in depth and fluency of expectations of the content knowledge as it relates to the Massachusetts licensure system and the required assessments used to determine varying levels of content knowledge. The depth at which the knowledge and application of the subject matter knowledge (SMKs) must be demonstrated is dependent on the stage of development for an individual educator (i.e., Basic, Functional, Fluent, or Expert) and/or licensure (Provisional, Initial, or Professional).
About MTEL-Flex

What fields are included in MTEL-Flex?

The [MTEL website](https://www.metal.org) provides information about the MTEL-Flex assessment options. Candidates are strongly encouraged to review this website prior to registering for MTEL-Flex.

Eligibility Requirements for MTEL-Flex Candidates

Candidates are eligible to take MTEL-Flex if they have taken the corresponding MTEL test and received a scaled score that is no more than one standard error of measurement below the passing score (-1 SEM). A scaled score in that range indicates that the candidate came very close to passing the MTEL. The Department of Elementary and Secondary Education has determined that candidates who score close to the passing score can provide additional evidence of their subject matter knowledge by completing MTEL-Flex and receiving a passing score on that assessment.

Candidates must have achieved this score on or after the approval of the regulatory pilot on October 20, 2020. For tests that have been redeveloped since October 20, 2020, candidates must have taken the updated version of the test in order to be eligible for the corresponding MTEL-Flex assessment. For example, candidates seeking to take MTEL-Flex English or MTEL-Flex Foundations of Reading must have achieved this score on the redeveloped MTEL tests that became available in 2021. Candidates should refer to the [MTEL website](https://www.metal.org) to determine if they are eligible to take MTEL-Flex.

Candidates are required to register for and pay a fee to complete MTEL-Flex.

Demonstrating Broad and Deep Subject Matter Knowledge

Candidates may choose between two options (listed on each MTEL-Flex assessment page on the MTEL website) for their MTEL-Flex. For each option, candidates are required to prepare an organized, developed analysis on a topic related to the content of one test objective included in the set of MTEL test objectives for their field. This test objective is included as part of the assessment option name. Evaluation Systems group of Pearson, in collaboration with the Massachusetts Department of Elementary and Secondary Education, selected objectives for MTEL-Flex from current MTEL test objectives in each content area. The selected objectives were previously reviewed by the MTEL Bias Review Committee and the field-specific Content Advisory Committee.

The expectation is that MTEL-Flex submissions will reflect an analysis of the chosen topic and not merely a response that provides a list of facts related to the chosen topic. Candidates may
wish to review Webb’s Depth of Knowledge\(^1\) in preparing to respond to MTEL-Flex. MTEL-Flex submissions are expected to demonstrate a Level 3 or Level 4 depth of knowledge.

The purpose of the MTEL-Flex submission is to enable candidates to demonstrate their content knowledge as evidence of their readiness for an initial teaching position. Candidates select an MTEL-Flex test objective, determine which descriptive statements within the objective they will address, and define a topic to address in the MTEL-Flex submission using resources approved by the Massachusetts Department of Elementary and Secondary Education. Candidates’ submissions must be their original work and not the product of others. Candidates may not collaborate with others in preparing their submissions. Submissions will be screened for originality.

The instructions and rubrics in this handbook will be used by candidates to prepare a submission that demonstrates the depth of their understanding of the subject matter included in the test objective. Scorers also will use these instructions and rubrics to assess each submission. Annually through the end of the of pilot period on June 30, 2024, the MTEL-Flex instructions will be reviewed and updated, as needed, to improve clarity and provide guidance to candidates.

**Planning Your Submission**

Candidates will follow the steps below to complete their MTEL-Flex submission:

1. **Select the MTEL test objective you will address.** During the online MTEL-Flex registration process, candidates select the MTEL test objective they will address in their submission using the list of options provided in registration. Candidates can download their MTEL-Flex template, which includes assessment directions, from the MTEL website and from the Pearson ePortfolio system. They will use this template to provide information in Steps 2–5 below, as well as their analysis in Step 6.

2. **Identify the descriptive statement(s) that you will use to demonstrate your knowledge of the MTEL test objective indicated in your registration.** The test objectives specify the content to be included on the MTEL test. Each test objective is further elaborated by a set of descriptive statements. Candidates should read the test objective and descriptive statement(s) they have chosen carefully before they begin to prepare their submission. They should select the descriptive statement(s) within the test objective that will enable them to prepare an analysis that demonstrates the depth of their subject matter knowledge of the test objective. Candidates will indicate the descriptive statement numbers in their MTEL-Flex template. Note: Some MTEL-Flex assessments may require candidates to address all and/or specific descriptive statements in their submissions. Specific information is included in the MTEL-Flex template for each assessment.

---

3. **Indicate alignment to Massachusetts Curriculum Framework or Department of Elementary and Secondary Education (DESE)-approved resources.** Candidates indicate where the topic they have selected is addressed in the appropriate Massachusetts Curriculum Framework or DESE-approved resources for their field. A list of approved resources for each MTEL-Flex assessment is included on the MTEL website. These resources must be used in preparing a submission. Resources for constructing responses and developing topic statements include relevant Massachusetts Curriculum Frameworks and/or resources that are in alignment with the Massachusetts Curriculum Frameworks.

Candidates will indicate the section of the frameworks and/or DESE-approved resources where their topic is addressed in their MTEL-Flex template.

4. **Describe the topic you will address in your submission.** The topic of the submission should allow the candidate to prepare an analysis that demonstrates their subject matter knowledge of the content assessed by the test objective. Candidates must develop their topic using the approved resources for their assessment. Candidates will indicate the topic to be addressed in their MTEL-Flex template.

5. **Cite any sources used to prepare your submission.** Candidates should gather any sources used to prepare their MTEL-Flex submission and list these sources in their MTEL-Flex template. Sources may include textbooks, articles, course materials, or other printed or electronic materials candidates used to prepare their MTEL-Flex submission; active hyperlinks to sources are not allowed and should be removed from any URLs.

6. **Prepare an analysis in which you demonstrate your knowledge of the content assessed by the test objective and further elaborated by the descriptive statements you have selected in relation to your stated topic.** As a whole, the MTEL-Flex submission must demonstrate candidates’ understanding of the subject matter knowledge of the content of the test objective and reflect a Level 3 or Level 4 depth of knowledge on Webb’s Depth of Knowledge as noted above. Candidates should apply their knowledge rather than merely recite factual information.

   - Written submissions are required for all MTEL-Flex assessments except MTEL-Flex Spanish—Oral Expression (Objective 0014). Candidates will provide their analysis in their MTEL-Flex assessment template. Typed submissions in Arial 11-point, single-spaced font of up to 3 pages will be accepted. **Scorers will evaluate only the first 3 pages of a submission.**

   - Candidates who register for MTEL-Flex Spanish—Oral Expression (Objective 0014) are required to create an unedited oral submission of at least 4 minutes and no more than 5 minutes in length. **Submissions that are less than 4 minutes in length will not be scored. Scorers will not evaluate any portion that exceeds 5 minutes.** Submissions must be submitted as a video file with the MTEL-Flex Spanish—Oral Expression Template. Only the candidate should appear in the submitted video; no other person’s voice and/or image may be included. Candidates should not read their submission from cue cards.
7. **Review your submission.** Candidates should carefully review their submission against the MTEL Scoring Rubric for their MTEL-Flex prior to uploading to the ePortfolio system.

**MTEL-Flex Policies**

Policies governing MTEL-Flex registration, assessment, and score reporting are included on the Policies page of the MTEL website.

Candidates are expected to review the policies and are required to confirm them as part of the registration and submission processes.

The following is a brief description of the assessment policies:

- **Eligibility Requirements:** MTEL scaled score ranges by assessment that determine eligibility to take the corresponding MTEL-Flex. Candidates must have achieved this score on the currently operating version of the test after the approval of the regulatory pilot on October 20, 2020.

- **Rules of Test Participation:** Rules and requirements for registering and participating in the MTEL-Flex assessment

- **Submission Attestations:** Candidate confirmation of MTEL-Flex requirements that is part of the submission process

- **Scoring Information:** Information about score reporting and administrative reviews

- **Retake Policy:** Rules and guidelines for retaking MTEL-Flex
Evaluation Criteria

MTEL-Flex submissions are scored holistically by trained Massachusetts scorers according to standardized procedures, using a scoring rubric that includes a set of performance characteristics and a scoring scale. (Scoring rubrics for each MTEL-Flex assessment can be found below and in the Test Information Guide for the corresponding MTEL test on the MTEL website.)

Scorers include Massachusetts teachers and educator preparation and arts and sciences faculty, qualified in the specific MTEL-Flex test areas. While scorers’ qualifications may vary depending on the MTEL-Flex assessment they will score, in general scorers have qualifications such as

- a Massachusetts educator license/certificate;
- teaching experience in Massachusetts public schools;
- experience as a college educator responsible for preparing teacher candidates.

Scorers are trained in the scoring process. This process involves at least two scorers independently scoring each candidate’s submission using the scoring rubric. If there is a discrepancy in the scores assigned to a candidate’s submission, the submission is scored by another scorer to resolve the discrepancy. Scorers are monitored during the scoring process to ensure consistency in scoring.

Once scoring is complete, the candidate’s score is compared with the approved qualifying (passing) score for the MTEL-Flex assessment. Since candidate responses are evaluated by multiple scorers and have essentially already been rescored, there is no rescoring service for MTEL-Flex submissions. Score reports are generated for candidates and released according to the score reporting schedule provided on the MTEL website.

MTEL-Flex Scoring Rubrics

The scoring rubrics will be used to evaluate each candidate’s MTEL-Flex submission. Each scoring rubric includes a set of performance characteristics and a scoring scale. The performance characteristics provide the criteria that scorers will use to evaluate candidate submissions. The scoring scale describes how the performance characteristics work together at varying levels of performance. Each scoring rubric has been reviewed by the Massachusetts Bias Review Committee and field-specific Content Advisory Committee and approved by the Department.

In preparing their MTEL-Flex assessment materials for submission, candidates are strongly encouraged to review the scoring rubric expectations and to evaluate their work using the appropriate scoring rubric.

</tbody>
</table>
### The "3" response reflects an adequate application and satisfactory command of the performance characteristics for the speaking assignment.

- The speaker's ideas are adequately developed, with some elaboration.
- The candidate's ideas are adequately organized and are generally clear.
- The response shows good command of syntax and grammar, though some errors may cause minor interruptions in the comprehensibility of ideas.
- The candidate demonstrates a good command of generally appropriate vocabulary and idiomatic expressions.
- The candidate generally maintains a steady flow of speech, with only occasional hesitations and pauses.
- The speaker's pronunciation is generally intelligible, with only minor errors.

### The "2" response reflects a partial application and limited command of the performance characteristics for the speaking assignment.

- The speaker's ideas show limited development and elaboration.
- The candidate's ideas are only partially organized and are at times unclear.
- The response shows a limited command of syntax and grammar, with frequent errors that partially impede the comprehensibility of ideas.
- The candidate demonstrates a limited range of expression, using very simple vocabulary and lacking some key words and phrases.
- The candidate does not maintain a consistent flow of speech, having frequent hesitations and pauses.
- The speaker's pronunciation contains several errors and is occasionally difficult to understand.

### The "1" response reflects an inadequate application and a lack of command of the performance characteristics for the speaking assignment.

- The speaker's response provides few, if any, comprehensible ideas, with minimal development.
- The candidate's ideas are not organized and are largely unclear.
- The response shows little command of basic elements of grammar or syntax, with numerous and frequent errors that make ideas incomprehensible.
- The candidate demonstrates little knowledge of vocabulary beyond the most common words, and may misuse and misform numerous words and expressions.
- The candidate fails to maintain any flow of speech, with frequent hesitations and pauses that interrupt comprehensibility.
- The speaker's pronunciation contains numerous errors and is at times unintelligible.

### U

The response is unrelated to the assigned topic, inaudible/incomprehensible, not spoken in the required language, not of sufficient length to score, or merely a repetition of the assignment.

### B

There is no response to the assignment.
Unscorable Codes

If your submission does not meet the submission requirements or for any of the reasons listed in the “U” row of the scoring scale tables above, your MTEL-Flex submission will be marked as “unscorable.”

Administrative Review

As stated in both the MTEL-Flex Rules of Assessment Participation as well as in the MTEL-Flex score reporting policy, candidates are required to submit their original work. MTEL-Flex submissions are identified for administrative review if screening indicates a match of identical or similar language with other sources.

To prevent this from occurring, candidates may at no time, including after completing MTEL-Flex, share their work with other candidates or potential candidates for MTEL-Flex.

Submissions with high levels of similarity to other sources may be referred to the Massachusetts Department of Elementary and Secondary Education’s Office of Professional Practices Investigations (OPPI). OPPI investigates allegations of misconduct by licensees and applicants for educator licenses, and recommends appropriate action to the Commissioner, the licensing authority.

Failure to submit original work will result in, at a minimum, voiding of your MTEL-Flex submission, but also may include potential licensure consequences, up to and including revocation.

Candidate Score Reporting and Guidance

Candidates will be provided a score report for the MTEL-Flex submission. Candidates who do not meet the qualifying score for their MTEL-Flex submission will be provided with feedback related to the extent to which the MTEL-Flex submission addressed the performance characteristics.

Candidates who do not meet the qualifying score for MTEL-Flex are permitted to retake the MTEL-Flex assessment or register to take the other MTEL-Flex assessment that is available for their subject area or they can retake the MTEL. There is no limit on the number of times candidates may retake MTEL-Flex or MTEL. Candidates are required to submit a registration and pay the applicable fees to retake an assessment.

Candidates who do meet the qualifying score will receive a “P” for passing the MTEL-Flex assessment.

Additional information is available on the Scores page of the MTEL website, including:

- Understanding your MTEL-Flex Score Report
- Retaking MTEL-Flex
Submitting Your Assessment

Once a candidate creates an account and registers for MTEL-Flex, they have access to the Pearson ePortfolio system to upload and manage their MTEL-Flex assessment via the MTEL website.

Templates

The required template for your submission is provided on the MTEL website and in the Pearson ePortfolio system for you to document your responses. To complete the template, you must:

1. download the word-processing template file available;
2. fill out the template electronically;
3. upload the electronic file(s) to the Pearson ePortfolio system; and
4. review the electronic file(s) you uploaded to ensure that the correct file(s) are in the Pearson ePortfolio system and that they comply with submission requirements.

Submission Requirements

The following charts provide information regarding the MTEL-Flex materials, as well as a description of supported file types for submission. Your MTEL-Flex submission must conform to the requirements below.

Note that your submission cannot contain hyperlinks to any materials.

Since you will not be able to access any of your files in the ePortfolio system after you submit, you are strongly encouraged to save all your submitted files to your local drive for your records.

---

2 If submitting Spanish—Oral Expression, you will upload two electronic files: the completed template document and a video file of recorded oral response.

Submission Readiness

Before submitting your evidence, you must agree to the MTEL-Flex Candidate Attestations, which include confirmation that you are the sole author of the submission and have not collaborated with or received feedback from others in preparing your submission.

Scorers will review your submission to determine if you have complied with the MTEL-Flex submission requirements. If your MTEL-Flex submission does not meet the submission requirements, your submission will be unscorable.

Before submitting your MTEL-Flex assessment, complete the following checks:

- **Have you provided the descriptive statements that you are addressing in your submission?**
  Choose the descriptive statements that will enable you to prepare a submission that demonstrates the depth of your subject matter knowledge of the test objective. There is no limit on the number of descriptive statements you may select. However, your submission must address all of the descriptive statements you selected. Note: Some MTEL-Flex assessments may require candidates to address all and/or specific descriptive statements in their submissions. Specific information is included in the MTEL-Flex template for each assessment.

- **Have you indicated the alignment of your MTEL-Flex topic with the appropriate Massachusetts Curriculum Frameworks and/or approved resources?**
  Candidates should indicate where the topic you have selected is addressed in the approved Massachusetts Curriculum Frameworks and/or resources for your field. A list of approved resources you must select your topic from is included on the MTEL website.

- **Have you provided a topic statement for your submission?**
  Candidates should choose a topic for their submission that will allow them to prepare an analysis that addresses the content assessed by the test objective. Candidates must consider the approved resources in developing their topic for submission.

- **Have you cited the sources you used to prepare your submission?**
  Candidates must cite any sources they used to prepare their MTEL-Flex submission.

- **Have you confirmed that your submission is your own original work?**
  Candidates should ensure that they are uploading the correct submission and that the submission is their own original work. Submissions will be screened for originality.

- **Have you proofread the submission?**
  Candidates should proof their work to ensure it meets the assessment specifications and is clearly written to support scorers’ understanding. In addition, candidates must
remove any hyperlinks from their submission. Candidates are strongly encouraged to review the MTEL-Flex template directions page to ensure that their submission is complete.

- **Have you reviewed the performance characteristics and scoring scale for your assessment and considered the extent to which your submission addresses them?**

Candidates should re-read the performance characteristics and scoring scale for their assessment and evaluate their MTEL-Flex submission using the appropriate scoring rubric.
Sample Templates

For each test field, candidates have two options when registering for MTEL-Flex, as indicated on the MTEL website. Each option is aligned with an MTEL test objective. Candidates are encouraged to carefully review both test objectives and their associated descriptive statements prior to completing their MTEL-Flex registration.

The following sample templates are representative of how a template should be completed. As shown below, candidates will write their responses and analysis (as applicable) in the brackets after each prompt in their assessment template, which they can access on the MTEL website and in the ePortfolio system. The template for your MTEL-Flex assessment may differ from the samples provided.
MTEL®-Flex English—Written Analysis of Literary or Informational Text (Objective 0014)

Objective 0014: Prepare an organized, developed written analysis of a literary or informational text.

Objective 0014 includes the following descriptive statements:

1. Apply knowledge of the characteristics of genres of literature, as well as of authors, works, and literary movements, to analyze a given work of literature.
2. Apply knowledge of historical, social, and cultural contexts to analyze a given piece of literature.
3. Analyze a document of historical and literary significance for its theme, purpose, and rhetorical features.
4. Cite evidence from a literary or informational text to support written analysis, interpretation, and reflection.
5. Identify a significant theme within a given text and explain how the use of a literary or rhetorical device contributes to the theme.
6. Produce clear and coherent writing in which the development, organization, and style are appropriate to the task, purpose, and audience.

MTEL-Flex® enables you to demonstrate your functional content knowledge of the MTEL English test objectives through submitting materials on a topic that you select. Your submission will be evaluated on the extent to which you demonstrate the depth of your subject matter knowledge of the MTEL-Flex English test objective you selected during registration.

MTEL-Flex involves answering 4 prompts and writing an analysis in which you demonstrate your knowledge of the content assessed by the test objective and further elaborated by the descriptive statement(s) you have selected in relation to your stated topic.

Your responses to the first 4 prompts should be no more than 1 single-spaced page and your written analysis should be no more than 3 single-spaced pages. This instructions page does not count toward your page limits.

This template contains a Prompt Section and a Written Analysis Section. Once both sections are completed, upload the template to the Pearson ePortfolio System.

For more information about the MTEL-Flex Assessment, preparing your materials for submission, and scoring of your submission, refer to the MTEL-Flex Assessment Handbook.
Prompt Section

Respond to the prompts below (no more than 1 page, including prompts) by typing your responses in Arial 11-point, single-spaced font, within the brackets following each prompt. Do not delete or alter the prompts. Only the first page will be evaluated. The previous page of instructions and the written analysis that follows does not count toward your page limit. Your submission cannot contain hyperlinks to any materials.

1. Indicate the numbers of the descriptive statements for the test objective that you will address in your written submission.
   [1, 3, 4, 5, 6]

2. Select a text by an author suggested for fifth through twelfth grade from Appendix B of the Massachusetts English Language Arts and Literacy Curriculum Framework – 2017 or a text appropriate for fifth through twelfth grade that has won one of the awards listed on page 164 of the Massachusetts English Language Arts and Literacy Curriculum Framework – 2017 to develop your topic and address the selected descriptive statements.
   [William Shakespeare selected from Appendix B, Grades 9–12 British and European Literature: Essays, Poetry, and Drama]

3. Describe the topic addressed.
   [I will provide an analysis of how William Shakespeare uses metaphors and the sonnet form to develop themes of love and mortality in Sonnet 73.]

4. List sources used to prepare submission.
   [1. Sonnet 73 (‘That time of year thou mayst in me behold’) by William Shakespeare
      2. “Glossary of Poetic Terms” (https://www.poetryfoundation.org/learn/glossary-terms)]
Written Analysis Section

Type your analysis (no more than 3 pages, including the prompt) in Arial 11-point, single-spaced font, within the brackets following the prompt. If appropriate, you may include tables, charts, graphs, or other diagrams that you have prepared by inserting them into your analysis. However, the total length of your analysis, including any graphic elements, may not exceed 3 pages. The previous pages of instructions and prompts do not count toward your page limit. Your submission cannot contain hyperlinks to any materials.

Prepare an organized, developed analysis on a topic related to Objective 0014.

MTEL®-Flex Spanish—Oral Expression (Objective 0014)

Objective 0014: Communicate an effective oral message in the target language for a given audience and purpose.

Objective 0014 includes the following descriptive statements:

1. Address the purpose of the prompt fully through the use of well-developed and supported ideas.
2. Organize ideas in a logically sequenced, well-connected, and consistently clear fashion.
3. Use appropriate language and style for the specified audience, purpose, and occasion.
4. Demonstrate a comprehensive command of syntax and grammar.
5. Demonstrate an extensive command of vocabulary and idiomatic expressions.
6. Maintain a strong flow of speech, with few, if any, hesitations or pauses.
7. Demonstrate easily intelligible pronunciation, with few, if any, errors.

MTEL®-Flex enables you to demonstrate your functional content knowledge of the MTEL Spanish test objectives through submitting materials on a topic that you select. Your submission will be evaluated on the extent to which you demonstrate the depth of your subject matter knowledge of the MTEL-Flex Spanish test objective.

MTEL-Flex involves writing answers to 4 prompts and preparing an oral response.

- Your written responses to the 4 prompts should be no more than 1 single-spaced page (this page does not count toward your page limit).

- You will use the Communication Standards and/or the Linguistic Cultures Standards from the Massachusetts World Languages Curriculum Framework – 2021 to prepare your oral response. Your recorded oral response should reflect complex, concrete topics of personal, general, social, academic, or professional significance. Your oral response should be at least 4 minutes and no more than 5 minutes.

This template contains a Prompt Section and an Oral Response Section. Once the responses to the prompts are completed and the oral response is recorded, upload the template with your video file to the Pearson ePortfolio System.

For more information about the MTEL-Flex Assessment, preparing your materials for submission, and scoring your submission, refer to the MTEL-Flex Assessment Handbook.
Part A: Prompt Section

Respond to the prompts below (no more than 1 page, including prompts) by typing your responses in Arial 11-point, single-spaced font, within the brackets following each prompt. Do not delete or alter the prompts. Only the first page will be evaluated. The previous page of instructions does not count toward your page limit. Your submission cannot contain hyperlinks to any materials.

1. Indicate the numbers of the descriptive statements for the test objective that you will address in your oral submission.
   [#2, 3, 4, 5, 6, 7]

2. Indicate where the topic is addressed in the Communication Standards and/or the Linguistic Cultures Standards of the Massachusetts World Languages Curriculum Framework – 2021 (pp. 40-41). The response should reflect complex, concrete topics of personal, general, social, academic, or professional significance.
   [Communication Standard 1; Interpretive Communication]

3. Describe the topic addressed.
   [What I learned about myself by completing a study abroad experience in Spain]

4. List sources (if any) used to prepare submission.
   [None]
Part B: Oral Response

Record your oral response in Spanish and save your recording as a video file (see specifications in the MTEL-Flex Assessment Handbook) to be submitted with the completed Prompts Section of this template. DO NOT type your response on this page. Your submission must be at least 4 minutes and no more than 5 minutes. Submissions that are less than 4 minutes in length will not be scored, and scorers will not evaluate any portion that exceeds 5 minutes. Only the candidate’s voice/image may be featured; no other persons may be included in the recording.

Candidates are being evaluated on their ability to speak in Spanish, not read aloud. Therefore, do not read your submission verbatim from any prepared materials (e.g., cue cards).

Using the Communication Standards and/or the Linguistic Cultures Standards from the Massachusetts World Languages Curriculum Framework – 2021, prepare an oral response in Spanish in which you demonstrate your knowledge of the content assessed by Objective 0014 and further elaborated by the descriptive statement(s) you have selected in relation to your stated topic. Your oral response should reflect complex, concrete topics of personal, general, social, academic, or professional significance.
